- 6.1. On March 28, 2010 the audit committee of the Company approved the Engagements.
- 6.2. On March 28, 2010 the Company's board of directors approved the Engagements.
- 6.3. The said Engagements require the approval of the Company's general meeting, which has been convened as specified in Section 12 below.

7. **Specification of Transactions of the Type of the Engagements or transactions Similar to the Engagements , between the Company and the Controlling Shareholder in the Last Two Years**

To the best of the Company's knowledge, there are no transactions of the type of the Engagements which are presented for the general meeting's approval which were signed in the last two years preceding the date of the approval of the Engagements by the board of directors of the Company, or which are still valid on the date of the board of directors' approval, between the Company and the controlling shareholder, or in which the controlling shareholder had a personal interest, with the exception of a transaction from September 2004, in the framework of which the Company, together with IDB and a certain company of the IDB group jointly leased a space at 3 Azrieli Center (the Triangular Tower, 41st floor), Tel Aviv and share among them the costs of that area according to certain fixed rates. In addition, for the sake of caution, the Company engaged in an agreement with DIC in March 2009 according to which the Company receives management and administration services from DIC.

That is in addition to a cost in the amount of approximately NIS 227,000 which would have been paid by the Company for that same period directly to an external provider for the Company's computer terminals and their maintenance, should the engagement with such external provider have been in effect since the beginning of 2009. In 2009, the Company employed an employee in a full time position which provided the support services for the Company's computer systems, and in addition the Company received computer services from external service providers. - 8.2.2. As an internal matter in the Company, the Company's audit committee decided, at the time of approving the Engagement to Receive Support Services, that if the Participation Sum for a certain year shall exceed a total sum of NIS 250,000 (linked to the consumer price index according to the index known at the date of approval of the Engagement to Receive Support Services at the shareholders meeting), the Company's audit committee shall be convened as early as possible in order for it to be updated regarding the matter and consider possible alternatives that would be available at the time to the Company, and other relevant circumstances. In the event that the Company's audit committee should decide that under the circumstances it is appropriate that the Company shall cease using the services of the Support Center, the Company shall notify IDB as soon as possible thereafter, of the termination of the Engagement to Receive Support Services.
- 8.2.3. The Engagement and its terms, including the consideration set regarding the receipt of the Support Center Services, are reasonable and fair in the circumstances.
