

-FOR IMMEDIATE RELEASE-

ELRON ELIMINATES AN AGENDA ITEM FROM ITS ANNUAL GENERAL MEETING ON DECEMBER 28, 2006

Tel Aviv, Israel –December 21, 2006 - Elron Electronic Industries Ltd. (NASDAQ & TASE: ELRN) today announced that it was eliminating one agenda item from its Annual General Meeting of Shareholders to be held at 3.00 pm, Israel time, on December 28, 2006, at the Company's offices at 3 Azrieli Center, the Triangle Building, 42nd Floor, Tel Aviv, Israel.

The approval of the adoption of Israeli generally accepted accounting principles (“Israeli GAAP”) as Elron’s primary accounting principles, which appeared as item no. 5 on the agenda for the shareholders meeting and is reflected in Elron’s proxy materials has been withdrawn. (Elron currently reports under US generally accepted accounting principles). The change to Israeli GAAP was being proposed on the assumption that Discount Investment Corporation Ltd. (“DIC”), Elron’s principal shareholder would hold a majority of Elron’s shares following the tender offer which DIC commenced on October 25, 2006, and that Elron’s financial statements would thereafter be consolidated with DIC’s. DIC’s shares are traded on the Tel Aviv Stock Exchange and it reports under Israeli GAAP. Since DIC did not become a majority shareholder as a result of the tender offer, Elron’s Board of Directors has concluded that it is not necessary to change Elron’s accounting principles and has withdrawn the proposal. Should DIC acquire majority ownership in the future, Elron may re-propose the change to Israeli GAAP or other accounting principles employed by DIC in presenting its financial statements.

The detailed notice and proxy statement are available at no charge on the U.S. Securities and Exchange Commission's website at <http://www.sec.gov> and on the Israel Securities Authority’s website at <http://www.magna.isa.gov.il>.

Elron Electronic Industries Ltd. (TASE & NASDAQ: ELRN), a member of the IDB Holding group, is a leading Israel-based technology holding company directly involved in the long-term performance of its group companies.
